Hello Rob, we were going to just do it on a conference call, but if you like I can have Denis send out a Teams Meeting for 1530 hrs. This was just a pulse check to hear back from Rob & Eddie with how our plan will synch with Mark Nethercott's and Kevin Kennedy's

We've received direction from Incident Commander Russ Lucas re Byward Market. It's **out of scope** of Red Zone but we're still awaiting confirmation from Planning Group as to locations of these series of "auxiliary lots" outside city core where convoys will be directed (per Chief's speaking points during presser this morning.)

Rob & Eddie seeking details from Service Centre Planning Group operational plan writers.
mike

Hi Mike,
I think it will be good SA for myself, Debbie and one of my Staffing officers to participate.
Quick question...How will this call work... cant all call one extension.
Thanks
Rob

Importance: High

Hello Kevin, as promised I'm looping back to you for your update to the ADC, following our conversation with the full TEE NCO Planning Group this morning.

1. Confirmed by Planning Group that the Traffic Plan component is not currently being worked on by the Planning group (per Supt. Bernier) . We have two senior TEE NCOs enroute to Greenbank Service Centre to work alongside the Planning group drafting the over all plan for this weekend. (and as per verbal discussion, implementation of the requested Canada Day Secured footprint (expanded Red Zone.) The enhanced outer perimeter enforcement will remain a secundar/tertiary tasking following the ingress of protest vehicles and/or pedestrian protesters and the mobile assist to motorized vehicles displaced from the downtown core (per the Chief's speaking notes from this morning's press conference.). Staff Hull has confirmed that the bridge components and red zone footprint, requested by ADC Ferguson, yesterday afternoon, are pretty much in place, with exception of most eastern corridor and the Byward Market. Both these components will be discussed with Insp. Lucas for input and direction later this afternoon by Staff Hull.
2. Confirmed with Insp. Palmer of Event Staffing that Staff Sergeant Hull has not been assigned to on the ground sector management and will therefore be the TEE representative in the NCRCC from this afternoon going forward. He will be meeting with Insp. Lucas at NCRCC later this afternoon for a sit-rep from last 72 hours.
3. The TEE Traffic Plan submission will consist of outline for Saturday and Sundays operations and Sgt. Cairns has been engaged by Event Planning (Kennedy) to prepare preliminary options for tow truck components of over- all Ops Plan (companies and secured routes and storage options) for potential protest dismantling by ES/POUU the following week.
4. We're optimistically targeting late afternoon for submission of draft to the Event Planning Group (Supt. Bernier, Sgt. Nethercott and Sgt. Kay) for sign off by Insp. Lucas and Supt. Rheume. Our internal planning group has a sit-rep scheduled **for**

Respectfully,
Michael Ryan,
Inspector,
TEE, Courts & Custody,
Specialized Policing Directorate.

Hi Mike,

DC Ferguson has asked for me to reach out for an update on the Traffic Plan.

Are you free for a call?

Thank you,

Kevin
